

Drone-Sky-Hook

High Intensity LED Searchlight for DJI Mavic 3

Model number: DSH-LSL3-M3

Quick Installation & Operation Guide v1.0

<p>Remove the bolt and nut from the Head-Unit Bracket and slide the LEDs Head-Unit into place</p>	<p>Install the bolt and nut in the Head-Unit, set to desired angle and tighten the nut (only by hand)</p>	<p>Slide back the Head-Unit from the drone's front-end (above the drone's camera)</p>
<p>Push down the back side of the Head-Unit bracket, it will flex and slide to lock over the drone's body</p>	<p><b>IMPORTANT:</b> Route the spiral wire BELOW the REAR LEFT drone's arm</p>	<p>Align the Battery Pack mounting section below the drone's back arms and slide UP until it locks</p>
		<p>RED = Charging GREEN = Fully Charged</p>
<p>Verify that both sides of the Battery Pack are locked over the drone's rear arms and that the Battery Pack is centered</p>	<p>Connect the GREY wire plug to the <b>Sky Hook PLUS - AUX CON</b> port and verify it is locked in place</p>	<p><b>CHARGING:</b> Connect the Micro USB cable to the battery-pack and to a USB charger</p>
=====		
<p>AUX Port Blue LED is ON</p>		
<p><b>Operation when combined with the Sky Hook Release PLUS device:</b> Turn ON the Sky Hook's AUX Port to set the Searchlight ON.</p> <ol style="list-style-type: none"> <li><u>Manual operation:</u> Click 4 times on the Sky Hook's FUNC push-button</li> <li><u>DJI APP – Auxiliary LED menu:</u> Press: ON – OFF – ON – OFF</li> <li><u>Drone's remote:</u> Rotate the drone 2 FAST RIGHT Turns (clock-wise)</li> </ol>		<p><b>Operation when installing only the Searchlight:</b> Connect the GREY wire plug to the port socket on the battery pack to set the Searchlight ON.</p> <p>* Remote On/Off not available for this setup *</p>
